The Enduring Vision: A History of the American People Mar 10 2021 THE ENDURING VISION's engaging narrative integrates political, social, and cultural history within a chronological framework. Known for its focus on the environment and the land, the text is also praised for its innovative coverage of cultural history, public health and medicine, and the West—including Native American history. The eighth edition incorporates new scholarship throughout, includes a variety of new photos, and brings the discussion fully up to date with coverage of the 2012 presidential campaign. Based on the popularity of the Going to the Source feature, which was introduced in the previous edition, additional Going to the Source selections are offered online in the eighth edition. Available with InfoTrac Student Collections <http://goengage.com/infotrac>.

**Where Is Area 51?** Apr 22 2022 You'll find it on a map—but you'll never get anywhere near this top secret military base. What exactly is going on there? Is Area 51 a top secret military base that lies in the middle of the barren Nevada desert? Or could it actually be a facility for examining aliens and their spaceships? People can't drive anywhere close to it; the US government rarely acknowledges its existence; and until recently, the airspace overhead was restricted! Conspiracy theories abound about what goes on at Area 51, especially since 1947 when strange objects were found in the middle of a field in Roswell, New Mexico. Author Paula K. Manzanero explains why Area 51 was established and reveals the mystery behind those unidentified flying objects in the sky. Check out this book and decide what you believe.

From All Points Feb 06 2021 A history of immigrants in the American West in the nineteenth and twentieth centuries, and their effect on the region. At a time when immigration policy is the subject of heated debate, this book makes clear that the true wealth of America is in the diversity of its peoples. By the end of the twentieth century, the American West was home to nearly half of America's immigrant population, including Asians and Armenians, Germans and Greeks, Mexicans, Italians, Swedes, Basques, and others. This book tells their rich and complex story—of adaptation and isolation, maintaining and mixing traditions, and an ongoing ebb and flow of movement, assimilation, and replenishment. These immigrants and their children built communities, added to the region's culture, and contended with discrimination and the lure of Americanization. The mark of the outsider, the alien, the nonwhite passed from group to group, even as the complexion of the region changed. The region welcomed, then excluded, immigrants, in restless waves of need and nativism that continue to this day. "Written in the fashion of Oscar Handlin, this study makes a convincing case that immigration history comprises an essential part of the history of the American West, and that appreciation of the former and the roles played by myriad alien arrivals is essential for understanding the latter. . . . Barkan . . . combines vignettes based on immigrant reminiscences with keen analysis to explore four related themes: various groups' arrivals, their economic influences, their effects on public policy, and their adaptation and assimilation. The resulting narrative is readable and informative. . . . Recommended." —Choice "A remarkable synthesis of the West as a region of immigrants. It tells the story of how vital immigrants were to economic growth and modernization. This will be the prime reference for 21st century scholars of immigration and ethnicity in the American West." —Annals of Wyoming, Spring 2010

**Mexico's Cold War** Nov 29 2022 This book examines Mexico's unique foreign relations with the US and Cuba during the Cold War.

The Modern World (eBook) Oct 17 2021 (1945. . .) The Modern World covers the period from the end of World War II to the present. The rebuilding of postwar Europe, the advent of the Cold War, space exploration, the collapse of Soviet communism, and the explosion of advanced technologies in the late 20th century figure prominently in this volume. Also discussed are the contributions and influence of historic personalities such as Mahatma Gandhi, Nikita Khrushchev, Mikhail Gorbachev, and American presidents from Harry Truman to Bill Clinton. Challenging map exercises and provocative review questions encourage meaningful reflection and historical analysis.

**King's Sister - Queen of Dissent** Jul 14 2021 This study reconstructs for the first time Marguerite of Navarre's leadership of a broad circle of nobles, prelates, humanist authors, and commoners, who sought to advance the reform of the French church along evangelical (Protestant) lines. Hitherto misunderstood in scholarship, they are revealed to have pursued, despite persecution, a consistent reform program from the Meaux experiment to the end of Francis I's reign through a variety of means: fostering local church reform, publishing a large corpus of religious literature, high-profile public preaching, and attempting to shape the direction of royal policy. Their distinctive doctrines, relations with major reformers including their erstwhile colleague Calvin involvement in major Reformation events, and the impact of their unsuccessful attempt are all explored.

**Understanding Present and Past Arctic Environments** Aug 15 2021 Understanding Present and Past Arctic Environments: An Integrated Approach from Climate Change Perspectives provides a fully comprehensive overview of the past, present and future outlook for this incredibly diverse and important region. Through a series of contributed chapters, the book explores changes to this environment that are attributed to the effects of climate change. The book explores the current effects climate change has had on Arctic environments and ecosystems, our current understanding of the effects climate change is having, the effects climate change is having on the atmospheric and ocean processes in this region. The Arctic region is predicted to experience the earliest and most pronounced global warming response to human-induced climatic change, thus a better understanding is vital. Presents a thorough understanding of the Arctic, its past, present and future Provides an integrated assessment of the Arctic climate system, recognizing that a true understanding of its functions lies in appreciating the interactions and linkages among its various components Brings together many of the world's leading Arctic researchers to describe this diverse environment and its ecology

**The Earth Gazers** Jan 08 2021 The most beautiful and influential photographs ever made were of the whole earth seen from space. They were taken from the moon, almost as an afterthought, by the astronauts of the Apollo space programme. They inspired a generation to think more seriously about our responsibility for this tiny oasis in space, the 'blue marble' falling through empty darkness. This is a book about the long road

to the capture of those unforgettable images. It is a history of the space programme and of the ways in which it transformed our view of the earth and changed the lives of the astronauts who walked in space and on the moon. It is the story of the often blemished visionaries who inspired that journey into space: Charles Lindbergh, Robert Goddard and Wernher Von Braun, and of the courageous pilots who were the first humans to escape the Earth's orbit.

**America II** Dec 07 2020 Whatever happened to the American Dream? America II is the story of a great nation that is now, for the first time since its birth, failing to live up to its promises to a majority of its citizens. A story of what one middle class citizen, "Jack the Turtle" sees as being required for that promise to be restored, and for America to again be a beacon for all nations to follow. The clock is winding down on the Great American Dream, even as you are reading this. But it's not too late.

**The Cold War in Asia** Nov 05 2020 The Cold War stayed cold in Europe but it was hot in Asia. Its legacy lives on in the region. In none of the three dominant historiographical paradigms: orthodox, revisionist and post-revisionist, does Asia, or the rest of the Third World, figure with much significance. What happens to these narratives if we put them to the test in Asia? This volume argues that attention to what has been conventionally considered the periphery is essential to a full understanding of the global Cold War. Foregrounding Asia necessarily leads to a re-assessment of the dominant narratives. This volume also argues for a shift in focus from diplomacy and high politics alone towards research into the culture of the Cold War era and its public diplomacy. "As a whole, the essays contribute to enriching our understanding of what was really happening in an era that is too often understood in the catch-all framework of the Cold War." - Akira Iriye, "Harvard University"

**Making Technology Masculine** Jul 02 2020 A pioneering study of the relations between gender and technology.

**Raising Cane in the 'Glades** May 12 2021 Over the last century, the Everglades underwent a metaphorical and ecological transition from impenetrable swamp to endangered wetland. At the heart of this transformation lies the Florida sugar industry, which by the 1990s was at the center of the political storm over the multi-billion dollar ecological "restoration" of the Everglades. *Raising Cane in the 'Glades* is the first study to situate the environmental transformation of the Everglades within the economic and historical geography of global sugar production and trade. Using, among other sources, interviews, government and corporate documents, and recently declassified U.S. State Department memoranda, Gail M. Hollander demonstrates that the development of Florida's sugar region was the outcome of pitched battles reaching the highest political offices in the U.S. and in countries around the world, especially Cuba—which emerges in her narrative as a model, a competitor, and the regional "other" to Florida's "self." Spanning the period from the age of empire to the era of globalization, the book shows how the "sugar question"—a label nineteenth-century economists coined for intense international debates on sugar production and trade—emerges repeatedly in new guises. Hollander uses the sugar question as a thread to stitch together past and present, local and global, in explaining Everglades transformation.

**America** Nov 17 2021 With more than two million copies sold, *America* remains the leading narrative history survey text because it's a book that students enjoy reading. The Tenth Edition is both more relevant, offering increased attention to the culture of everyday life, and more accessible, featuring a reduced number of chapters and a streamlined narrative throughout. The Brief Edition is 20 percent shorter in total pages than its parent Full Edition.

**Blue Eyes on the Yellow Sea** Oct 05 2020 *Blue Eyes On The Yellow Sea Welcome To Red China* This book is fun yet serious — a true, courageous, entertaining adventure in which the author comes to China, initially on a mission to teach. Wide-ranging in scope, it addresses culture, history, people, politics, art, interesting facts, traditions, economics, philosophies, visa issues, in addition to experiences with work, travel and, of course, romance. A Featurettes section includes a China time line relative to world events, Mandarin language guide, conversion chart, among other things. Pictures help to tell the tale. Tad Miller offers the world a fresh, honest access to this ancient though modernizing place in a humorous style—a really great start for getting to know China—and human nature.

**The Vietnam War** May 24 2022 More than 58,000 American troops and military personnel died in the humid jungles and muddy rivers of Vietnam during the 20-year conflict called the Vietnam War. Why? What were they fighting for? And how could the world's most powerful and technologically advanced military be defeated by a small, poverty-stricken country? These questions have haunted the U.S. government, the military, and the American public for nearly a half century. In *The Vietnam War*, kids ages 12 to 15 explore the global conditions and history that gave rise to the Vietnam War, the reasons why the United States became increasingly embroiled in the conflict, and the varied causes of its shocking defeat. As readers learn about how the fear of the spread of communism spurred the United States to enter a war that was erupting on the other side of the world, they find themselves immersed in the mood and mindset of the Vietnam Era. Through links to online primary sources, including speeches, letters, photos, and songs, readers become familiar with the reality of combat life for young American soldiers, the frustration of military advisors as they failed to subdue the Viet Cong, and the empty promises made by U.S. presidents to soothe an uneasy public. The Vietnam War also pays close attention to the development of a massive antiwar movement and counterculture that divided the country into "hawks" and "doves." In-depth essential questions help middle schoolers analyze primary sources and develop their own evidence-supported views on a range of issues. The Vietnam War also fosters critical thinking skills through projects such as creating antiwar and pro-war demonstration slogans, writing letters from the perspective of a U.S. soldier and a south Vietnamese citizen, and building arguments for and against the media's coverage of the war. Additional learning materials include engaging illustrations, maps, a glossary, a bibliography, and resources for further independent learning. The Vietnam War is one book in a set of four that explore great events of the twentieth century. Other titles in this set include *Globalization: Why We Care About Faraway Events*; *World War II: From the Rise of the Nazi Party to the Dropping of the Atomic Bomb*; and *The Space Race: How the Cold War Put Humans on the Moon*.

**Nuclear Weapons and the Cold War** Jun 24 2022 Describes the potential dangers of the Cold War and explains how the U.S. and the Soviet Union negotiated peace through arms reduction.

**Encyclopedia of the Cold War** Sep 27 2022 Between 1945 and 1991, tension between the USA, its allies, and a group of nations led by the USSR, dominated world politics. This period was called the Cold War – a conflict that stopped short of a full-blown war. Benefiting from the recent research of newly open archives, the *Encyclopedia of the Cold War* discusses how this state of perpetual tensions arose, developed, and was resolved. This work examines the military, economic, diplomatic, and political evolution of the conflict as well as its impact on the different regions and cultures of the world. Using a unique geopolitical approach that will present Russian perspectives and others, the work covers all aspects of the Cold War, from communism to nuclear escalation and from UFOs to red diaper babies, highlighting its vast-ranging and lasting impact on international relations as well as on daily life. Although the work will focus on the 1945–1991 period, it will explore the roots of the conflict, starting with the formation of the Soviet state, and its legacy to the present day.

**The End of Amateurism in American Track and Field** Dec 27 2019 Combining social and institutional history and incorporating the recollections of the athletes and meet directors on the front lines, *The End of Amateurism in Track and Field* shows how the athletes thoroughly transformed their sport to end the amateur system in the early 1990s—changes that allowed the athletes to market their potential, drastically increase their earning possibilities, and improve their quality of life. --

**U.S. Foreign Policy** Apr 10 2021 "Hook's text delivers a comprehensive but up-to-date and easily accessible account of the internal and external forces that constrain U. S. foreign policy makers." —Niall Michelsen, Western Carolina University The same aspects of American government and society that propelled the United States to global primacy have also hampered its orderly and successful conduct of foreign policy. This paradox challenges U.S. leaders to overcome threats to America's world power in the face of fast-moving global developments and political

upheavals at home. U.S. Foreign Policy explores this paradox, identifies its key sources and manifestations, and considers its future implications. Bestselling author Steven W. Hook shows readers how to think critically about these cascading developments and the link between the process and the conduct of U.S. foreign policy. The Sixth Edition highlights global and domestic shifts in the balance of power that affect U.S. foreign policy. It includes essential coverage of foreign policy initiatives under the Trump administration and how they compare to the actions of his recent predecessors. The most pressing question is whether U.S. foreign policymakers can manage these dynamics in a manner that preserves U.S. primacy. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at [edge.sagepub.com/hook6e](https://edge.sagepub.com/hook6e).

**Cold War Triangle** Dec 31 2022 The extraordinary story of scientists in East and West combatting HIV A small group of scientists were doggedly working in the field of antiviral treatments when the AIDS epidemic struck. Faced with one of the grand challenges of modern biology of the twentieth century, scientists worked across the political divide of the Cold War to produce a new class of antivirals. Their molecules were developed by a Californian start-up together with teams of scientists at the Rega Institute of KU Leuven and the Institute of Organic Chemistry and Biochemistry (IOCB) of the Academy of Sciences in Prague. These molecules became the cornerstone of the blockbuster drugs now used to combat and prevent HIV. Cold War Triangle gives an insight into the human face of science as it recounts the extraordinary story of scientists in East and West who overcame ideological barriers and worked together for the benefit of humanity.

**Military Intelligence** Sep 03 2020

**Playing to Your Strengths** Apr 30 2020 This report contains the results from a research project aimed at identifying new capabilities for the future RNLA. Rather than sketch a full future force profile, it concentrates on promising new, or to be renewed capabilities.

**Canadian History for Dummies** Aug 03 2020 A wild ride through Canadian history, fully revised and updated! This new edition of Canadian History For Dummies takes readers on a thrilling ride through Canadian history, from indigenous native cultures and early French and British settlements through Paul Martin's shaky minority government. This timely update features all the latest, up-to-the-minute findings in historical and archeological research. In his trademark irreverent style, Will Ferguson celebrates Canada's double-gold in hockey at the 2002 Olympics, investigates Jean Chrétien's decision not to participate in the war in Iraq, and dissects the recent sponsorship scandal.

**The Enduring Vision, Volume II: Since 1865** Dec 19 2021 THE ENDURING VISION's engaging narrative integrates political, social, and cultural history within a chronological framework. Known for its focus on the environment and the land, the text is also praised for its innovative coverage of cultural history, public health and medicine, and the West -- including Native American history. The ninth edition incorporates new scholarship throughout, includes a variety of new photos, and brings the discussion fully up to date with coverage of the 2016 presidential campaign. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**America: A Narrative History** Jun 12 2021 America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy.

**Cold War in Southern Africa** Jul 26 2022 This edited volume examines the complexities of the Cold War in Southern Africa and uses a range of archives to develop a more detailed understanding of the impact of the Cold War environment upon the processes of political change. In the aftermath of European decolonization, the struggle between white minority governments and black liberation movements encouraged both sides to appeal for external support from the two superpower blocs. Cold War in Southern Africa highlights the importance of the global ideological environment on the perceptions and consequent behaviour of the white minority regimes, the Black Nationalist movements, and the newly independent African nationalist governments. Together, they underline the variety of archival sources on the history of Southern Africa in the Cold War and its growing importance in Cold War Studies. This volume brings together a series of essays by leading scholars based on a wide range of sources in the United States, Russia, Cuba, Britain, Zambia and South Africa. By focussing on a range of independent actors, these essays highlight the complexity of the conflict in Southern Africa: a battle of power blocs, of systems and ideas, which intersected with notions and practices of race and class This book will appeal to students of cold war studies, US foreign policy, African politics and International History. Sue Onslow has taught at the London School of Economics since 1994. She is currently a Cold War Studies Fellow in the Cold War Studies Centre/IDEAS

**The Canadian Rangers** May 31 2020 The Canadian Rangers stand sentinel in the farthest reaches of our country. For more than six decades, this dedicated group of citizen-soldiers has quietly served as Canada's eyes, ears, and voice in isolated coastal and northern communities. Drawing on official records, interviews, and participation in Ranger exercises, Lackenbauer argues that the organization offers an inexpensive way for Canada to "show the flag" from coast to coast. The Rangers have also laid the foundation for a successful partnership between the modern state and Aboriginal peoples, a partnership rooted in local knowledge and crosscultural understanding.

**The Last Dance Over the Berlin Wall** Mar 29 2020 In 1984, Johnny East, a dancer, is invited to West Berlin by mad Alice, an English girl living a bohemian life in the city at the heart of the Cold War. Alice is besotted with Johnny but on a trip to the East one day, Johnny meets and falls in love with a Russian tightrope walker in East Berlin. They begin an affair that leaves a trail of East-West transits, both legal and illegal, including one of the most daring crossings of the Berlin Wall. Twenty years on Johnny is the director of an aerial company and with an exciting new performance returns to Berlin, a new vibrant city, to face the ghosts of the past, the present, and Alice. The Last Dance over the Berlin Wall is a story of young love, decadence and tragedy in the walled-in city of West Berlin.

**The Cold War in Middle East, 1950-1991** Oct 29 2022 The Cold War in the Middle East, 1950-1991 examines American and Soviet involvement in the Middle East, and how each superpower's policies and alliances contributed to its overall Cold War strategies.

**The Making of Modern Tibet** Oct 24 2019 An account of Tibet and the Tibetan people that emphasises the political history of the 20th century. This book attempts to reach beyond the polemics by considering the various historical arguments, using archival material from several nations and drawing conclusions focused on available documents.

**Living Through the Vietnam War** Feb 18 2022 Explore how the American public viewed the war in Vietnam and how American culture changed during the Vietnam era. Includes a glossary, websites, and other resources.

**Mountain Home Air Force Base** Jan 20 2022 Mountain Home Air Force Base began inauspiciously as a small effort to support and train B-24 combat aircrews for the rigors of World War II. Today it represents the only active-duty air force installation in the heart of Idaho. From its shadowy rebirth in the late 1940s to its buildup under Strategic Air Command, the base housed some of the cold war's most important assets in the battle against communism. Mountain Home's most recent and longest-serving tenant is the world-famous 366th Fighter Wing "Gunfighters." Under the stewardship of the Gunfighters, Mountain Home has been transformed from a remote, dusty World War II airstrip to one of the air force's premier training facilities, readying aircrews and their support agencies for the demands of modern warfare.

**Modern America: A Documentary History of the Nation Since 1945** Sep 15 2021 This primary source reader assembles key documents and firsthand accounts that are emblematic of American life from the end of World War II to the present. Designed to complement a core text for a

typical post-1945 U.S. history course, the book offers conciseness and selectivity with balanced coverage of domestic and foreign, societal and cultural issues grouped together chronologically. The readings afford students compelling and sometimes startling insights into the nation's postwar adaptation to its new position of global power and responsibility, wealth, and rapid social change; on through years of energy and ambition, conflict and tragedy, to the post-Vietnam malaise and the rise of Ronald Reagan, the frenzied nineties, and the arrival of the new millennium. Each chapter includes an introduction that sets the documents in historical context, a biographical sketch of a significant person of the time, study questions, and suggestions for further reading.

**Foreign Policy Choices for the Seventies and Eighties** Feb 27 2020

The Curtain Rises on the Cold War Aug 27 2022 "The Curtain Rises on the Cold War" covers the period from the end of World War II to the launch of Sputnik and the increasing tensions between the U.S. and the U.S.S.R. The rebuilding of postwar Europe and the advent of the Cold War figure prominently in this volume. Also discussed are the contributions and influence of historic personalities such as Mahatma Gandhi, Nikita Khrushchev, and American presidents from Truman to Kennedy. Challenging review questions encourage meaningful reflection and historical analysis. A unit test and answer key are also included.

*Hearts, Minds, Voices* Aug 22 2019 For over four decades, the Cold War superpowers endeavoured mightily to 'win hearts and minds' abroad through public diplomacy. This work examines this important topic.

*The Cold War* Jan 26 2020 A one-stop history, analysis, and resource on the Cold War.

*The Campaigns of Sargon II, King of Assyria, 721–705 B.C.* Nov 25 2019 Backed by an unparalleled military force, Sargon II outwitted and outfought powerful competitors to extend Assyrian territory and secure his throne. As Sarah C. Melville shows through a detailed analysis of each of his campaigns, the king used his army not just to conquer but also to ensure regional security, manage his empire's resources, and support his political agenda. Under his leadership, skilled chariotry, cavalry, and infantry excelled in all types of terrain against an array of culturally diverse enemies. This book represents the first in-depth military study of the great Assyrian king. Drawing extensively from original sources, including cuneiform inscriptions, the letters of Sargon and his officials, archival documents, and monumental art, Melville presents Sargon's achievements as king, diplomat, and conqueror. Contrary to the stereotype of the brutal Assyrian despot, Sargon applied force selectively, with deliberate economy, and as only one of several possible ways to deal with external threat or to exploit opportunity. The Campaigns of Sargon II demonstrates how Sargon changed the geopolitical dynamics in the Near East, inspired a period of cultural florescence, established long-lasting Assyrian supremacy, and became one of the most influential kings of the ancient world.

The Labor of Luck Sep 23 2019 In this gripping ethnography, Jeffrey J. Sallaz goes behind the scenes of the global casino industry to investigate the radically different worlds of work and leisure he found in identically designed casinos in the United States and South Africa. Seamlessly weaving political and economic history with his own personal experience, Sallaz provides a riveting account of two years spent working among both countries' casino dealers, pit bosses, and politicians. While the popular imagination sees the Nevada casino as a hedonistic world of consumption, *The Labor of Luck* shows that the "Vegas experience" is made possible only through a variety of systems regulating labor, capital, and consumers, and that because of these complex dynamics, the Vegas casino cannot be seamlessly picked up and replicated elsewhere. Sallaz's fresh and path-breaking approach reveals how neo-liberal versus post-colonial forms of governance produce divergent worlds at the tables, and how politics, profits, and pleasure have come together to shape everyday life in the new economy.

War and Literature Mar 22 2022 Reflections on the uneasy yet symbiotic relations of war and writing, from medieval to modern literature.
