*Rainforest Restoration Manual for South-Eastern Australia* Jan 20 2022 Rainforest Restoration Manual for South-Eastern Australia is the definitive guide to the recovery and restoration of Subtropical, Warm Temperate, Cool Temperate, Gallery, Dry, Dry Gully and Littoral Rainforests from south-eastern Queensland to Tasmania. All of these rainforest types were inherently rare prior to settlement, and today with depletion, feral animals, weeds and climate change, all are threatened - with many listed under state and federal legislation. The manual presents detailed restoration methods in 10 easy-to-follow steps, documenting the research and trials undertaken during rainforest restoration over more than two decades. These experiments and their results will empower readers to uncover answers to many of the problems they could encounter. The manual is supported by a CD that provides important background information, with 32 appendices, a propagation manual for the region's 735 rainforest plants, an illustrated glossary and resources for teachers. Species lists and specific planting guides are provided for the 57 rainforest floristic communities that occur from the coast to the mountains between Durras Mountain in New South Wales and the Otways in Victoria. Extensively illustrated with colour photographs, this book will empower you or your group to be able to restore, manage, protect and conserve the magnificent rainforests that are in your care. The general principles and techniques described will meet the needs of students and teachers, novices, experienced practitioners, community groups and agencies alike.

**Repair Manual for Uncle Sam and America** Jun 24 2022 *The Repair Manual for Uncle Sam and America* is written to cut through the infinite mass of psycho-babble that has been thrown at the American people for decades. Thousands of books and articles have been written to analyze our problems, yet with all that verbiage we have not fixed anything. Today we are broke and in debt, we have wasted our wealth on needless wars, our drug problems have not abated, our prisons are overcrowded, illegals mooch off our system, our health care system is broke along with our Social Security, we are in trouble and there is no more American Dream. Our government does not understand globalization and we are loosing jobs because of it. Our politicians are stalemated along party lines and nothing is done to benefit the people. This *Repair Manual* points out our greatest dangers and offers simple rational, logical solutions to fix the problems. At one time America had a great world image, a great economy, it was a land of opportunity for everyone, where is all that now? Today we must start to fix it, restore it because the road we are on today will lead to anarchy and then to a totalitarian socialist state. Americans must become informed and involved in our political system because without their help our politicians will take us down the same path we are on, leading down

**Doctrine and Reform in the British Cavalry 1880-1918** Jul 14 2021 This book fills a significant gap in the historiography of British military thought, doctrine and practice for the First World War (1914-18) and the generation beforehand, including the Boer War (1899-1902). It investigates a major doctrinal controversy: what the role and tactics of horsed soldiers were to be in the face of increasing firepower and demands placed upon them by the expansion of mass armies. Contrary to widely held modern belief, the doctrine developed proved quite successful in dealing with the conditions that they faced on the battlefield.
