The objective of “The Sacred Scriptures” by John Biermanski, 29th edition - “Special Edition,” also written in German, is to revoke all falsifications in today's Bibles known so far (the New Testament), and to restore the original state of the verses as far as possible. In the present work, you will find the holy and true name of the living Elohim/G-d “YAHWEH” (the Elohim/G-d of Abraham, the Elohim/G-d of Isaac and the Elohim/G-d of Jacob), of the children of Israel (Exodus 3:15), to his glory in this edition, and “The New Covenant ~ The New Testament”, “The Book of Psalms” and “The Book of Daniel”, in which all verses are written in German and English with “Appendix” in English (see the “Table of Contents”). In this part is: "THE BOOK OF REVELATION" and also the very important "APPENDIX" for example "Note about Daniel, Chapter 7, Verses 21-28" and the work of the English Reformers, etc. The author was born in 1963 in North Rhine-Westphalia and completed a traineeship for wholesale and foreign trade in a pharmaceutical wholesale company. In the course of his professional development, he used to be a freelancer but was also officially employed; he has experienced a lot rises and falls throughout his life. While studying the Scriptures, he was led by the Spirit of the only God, the Almighty and the only Holy Father in heaven, whereas, by grace, he could recognize many things that are now presented as heresies to the world. In recent years he has been active in the proclamation of the Word of God in Europe, particularly in Brazil (South America), and has enlightened many people by his message, so that they get to know the true God, His holy name and His will and only obey Him -

and start to think about all this, i. e. "so that they finally decide themselves in favour of the living God, instead of against Him, and their names are not erased from the divine 'Book of Life' forever." "Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship. He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound, real spiritual presence in the Eucharist. This book serves as a helpful introduction to Torrance, especially his framing of revelation. Moreover, it invigorates our understanding of the theological meaning of sacramental devotion.

Its readers will be stimulated, provoked, and, dare I say, inspired by its insights into--and critiques of--one of the most important and recent Reformed thinkers. In sum, this is a timely and exciting book. It will well serve pastors, theologians, and thoughtful Christians of many theological perspectives." MARK VALERI, E. T. Thompson Professor of Church History, Union Theological Seminary, Virginia

"One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist. To say that Dr. Stamps has been industrious is patently an understatement: the truth is that he has been indefatigable in his search for the least morsel that Torrance offers. Yet it is not so much as a study of Torrance that this book is to be commended: its great value is that it offers a contextualization of Torrance's thinking on the Eucharist--in ecclesiology, the more general dimension of an incarnational theology--as well as his understanding of cosmology and epistemology. . . . I hope that Dr. Stamps' book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith." JOHN HEYWOOD THOMAS, Emeritus Professor of Theology, University of Nottingham

The Banner of Truth Trust is marking the 450th anniversary of the first edition of the Geneva Bible by publishing this collection of introductions or prologues to the books of the Bible, together with the translators' letter to Queen Elizabeth urging her to assist in building up the church in England and their letter to 'our beloved in the Lord', the Bible-reading Christians of the British Isles. The prologues present in a succinct and pithy way the 'argument' or theme of each book, giving the reader a rapid overview of the whole Bible, as seen through the eyes of the exiles.

Yet, while there are many authors engaging in political theology, there are very few resources about political theology which aim to orient students and other recent new-comers to the field. This is a concise and accessible advanced introduction which distinguishes various approaches to political theology, and which explores several of the central issues addressed in political theologies. Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand.
